Megan Myrick Photography is based in Richmond Hill and specializes in newborn, maternity, baby, child and family photography around the Coastal Georgia area. Myrick, an international- award-winning photographer, provides her clients with a custom portrait experience resulting in timeless, heirloom-quality art for families to cherish for years to come.

A native of Washington state, Myrick and her family moved to Richmond Hill over three years ago due to her husband's military service. She brought her photography business with her and built an even bigger client base in Georgia. Myrick moved her operation to a larger studio in Richmond Hill Court in March and celebrated five years in business in July. Now that her husband has retired from the Army, the family has chosen to make Richmond Hill their permanent home.

“I am looking forward to this opportunity to speak at Lunch & Learn,” Myrick said. “The holidays are upon us and I always have people asking how they can capture precious memories of little ones without a professional camera, and this is a great occasion to discuss this topic. I hope this presentation will help others learn to take beautiful photos of energetic young subjects, who aren’t always known for holding a pose or looking straight ahead!”
